

## Action

Regarding global climate change:

- What will you commit to personally?
  
  
  
  
  
  
  
  
  
  
- What are the issues in your geographic area that you will commit to?

## *Experience*

- What is your experience of global climate change?
  
  
  
  
  
  
  
  
  
  
- How does your own experience as well as what you have just seen make you feel?

## *Social Analysis*

- Exploring the influence of the corporate sector
  
  
- Which of these systems - political, economic, social, cultural, religious - do you engage with in your daily life?
  
  
- Who benefits?
  
  
- Who decided?
  
  
- Who suffers?

## *Theological Reflection*

- God so loved the world... do I? Do we?
  
  
  
  
  
  
  
  
  
  
- What changes does this call me/us to in the way we live our lives?
